

The farmer

By Tommaso Razza

The farmer is a person who works in a farm and takes care about ground and his animals to get their products - for example milk or meat.

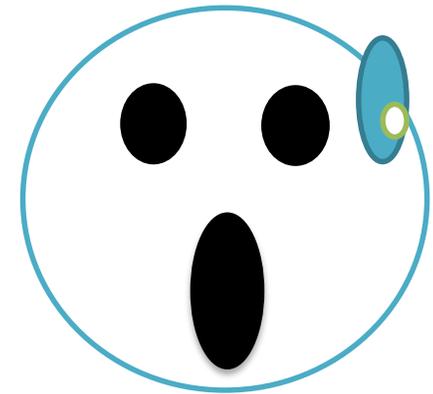

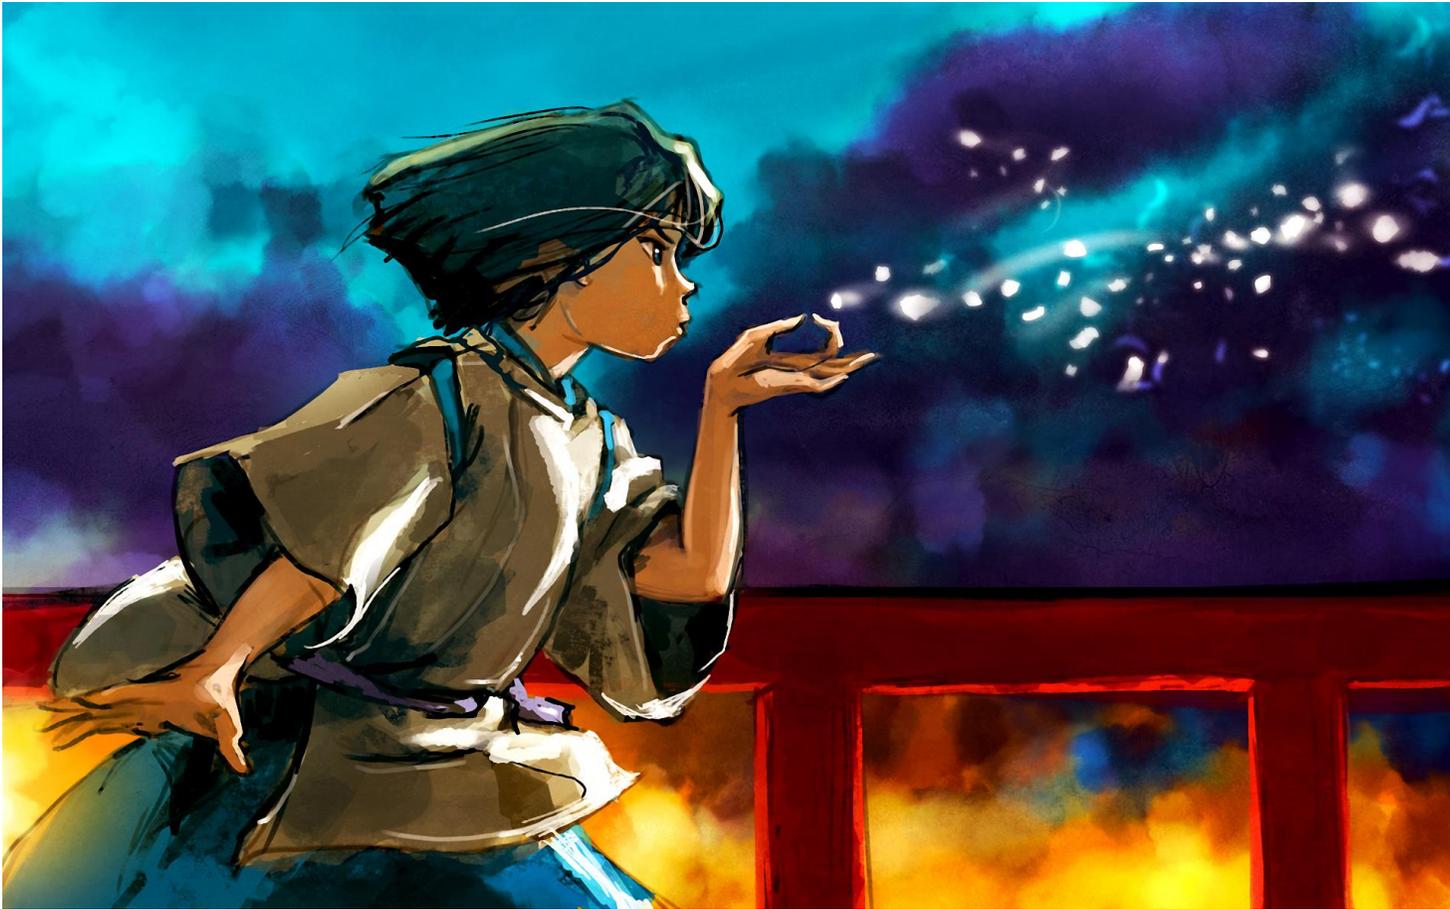

For me it's an interesting but hard job. The farmer loves nature and animals like me, but I don't know if I could resist without technology. Of course I want to try it.

In the future I think I 'm going to be a farmer to eat just my products, because food has a low quality today and I want to eat healthy food.

Another possibility for me is to become a manga comics drawer, because I love Japanese comics, but it's so difficult...

Whaaaaaaaaaaaaaaaaaaaaaat?
That's impossible
How?
